FREE Art + Technology Camp for Grades 4–8

## Join the ultimate summer day camp!

Combine technology, creativity, and fun for an unforgettable week-long experience!

Embark on an epic journey with these exciting activities:

- Master the art of block coding, control programmable lights, and groove to the beat of hip hop dance and African drumming!
- Unleash your inner inventor! Explore cutting-edge makerspace + robotics activities.
- Design and create your own video games and digital stories!
- Explore the outdoors with new friends and connect nature with your creative projects!
- Recharge with delicious free lunches that will keep you energized for all the excitement!
- Push the boundaries of your imagination. Use art and technology to inspire others to care about what truly matters to you.

## Don't miss it!

- **August 5–9, 2024 in St. Helens**  
9:30–3:30; Open to incoming 4<sup>th</sup>–8<sup>th</sup> graders; advanced 3<sup>rd</sup> graders considered
- Specific St. Helens location TBD

Sponsored by **NW STEM HUB**. Thank you, partners!

**CODE CAN DANCE**
